

CPD WORKSHOP ASSESSMENT FOR PSYCHODYNAMIC COUNSELLING

Saturday, 28th April 2018, 10.00-16.00
Quakers Meeting Rooms, Church Crescent, London N10 3NE

Facilitated by Norman Mintz

The first meeting between a client and a psychodynamic counsellor may be one of the most significant occasions in the client's life. This one day workshop aims to set out how such a meeting is conducted, the information to be gathered and what happens next. Topics covered will include:

- A psychodynamic formulation (a preliminary hypothesis)
- The gathering of information
- The need for empathy
- Setting out the parameters of the initial interview, e.g. time, cost, referring on
- Transference and counter-transference
- Links and trial interpretations
- Is this person suitable for psychodynamic counselling?
- How is this done at HCC?
- CORE risk assessment
- Referral network

The day will give participants ample opportunity to find out about and discuss the above as well as other issues relating to assessment and to prepare, in small groups, information following assessment.

Norman Mintz is a psychodynamic counsellor and member of the BACP. Since qualifying in 2007 he has worked in private practice and at Highgate Counselling Centre (HCC). He has conducted initial interviews at HCC since 2008.
