

CPD WORKSHOP: SETTING UP IN PRIVATE PRACTICE

Saturday, 12th May 2018, 10.00-16.00
Quakers Meeting Rooms, Church Crescent, London N10 3NE

Facilitated by Brett Morris

Making the transition from either training or agency work into private practice can seem daunting to begin with. This one-day workshop aims to de-mystify the process, and to provide participants with some practical tools in making this transition.

Topics covered will include:

- Finding a suitable location and premises for your practice
- Obtaining client referrals
- Transferring agency clients into private practice
- Establishing your fee structure
- Marketing your practice
- Organising professional supervision
- Contracting with clients
- Managing clinical risk, and obtaining psychiatric consultancy
- Deciding suitable registration and professional membership options
- Self-employment, taxation and financial matters
- Professional indemnity insurance options
- Building your practice, including EAP (Employee Assistance Programme) work

The day will give participants ample opportunity to find out about the above, and explore other issues that are related to the establishment of a successful private practice.

Brett Morris is a BPC and UKCP registered psychoanalytic psychotherapist, supervisor and trainer. He has provided therapy and supervision in agency settings, the NHS and for Employee Assistance Programmes. For many years he has been in full-time private practice in central London.
