## **DIPLOMA IN PSYCHODYNAMIC COUNSELLING**

**September 2022-December 2024**

### **Course Outline**

#### **Background**

The Diploma in Psychodynamic Counselling has been accredited by the British Association for Counselling and Psychotherapy (BACP) since 1995. The course is rigorously re-accredited by the BACP. The latest re-accreditation report from the BACP (May 2022) states:

*“The assessor would like to thank Highgate Counselling Centre for submitting an excellent Annual Rolling Review, Year 2. All criteria have been met in full and there are no recommendations. The referencing was exceptionally clear, comprehensive and it was easy to navigate and find evidence supporting each criterion. The submission reflects a course with a clear rationale accompanied by comprehensive training and learning outcomes, which offer a wealth of learning in the psychodynamic approach to its students.”*

#### **Introduction**

The Diploma in Psychodynamic Counselling runs for two years and one term from September 2022 until December 2024 on Monday and Thursday evenings, plus some Saturday workshops. Successful completion of the course fulfils part of the criteria for BACP accreditation for those wishing to acquire accredited status in the longer term. This is a part-time course.

#### **Course Objectives**

The course focuses on three specific areas:

- Psychodynamic theory and concepts
- Counselling skills practice
- Self-awareness and personal development

This is supported by supervised clinical work, which is normally undertaken at Highgate Counselling Centre (HCC). In exceptional circumstances, an external placement may be necessary.

## Course Structure and Timetable

The Diploma runs for two years and one term from September 2022 until December 2024.

- Year 1: September 2022-July 2023 is divided into three terms of ten weeks duration (Terms 1-3).
- Year 2: September 2023-July 2024 is also divided into three terms of ten weeks duration (Terms 4-6).
- Year 3: Term 7 - September 2024-December 2024 does not require your attendance on Monday or Thursday evenings but is included to allow you to complete the requisite number of clinical hours and to complete the final clinical paper.

There are half-term/reading breaks each term, which are usually in line with the school timetable.

### Timetable

### **Clinical Work**

A major advantage of training with Highgate Counselling Centre is the provision of a counselling placement providing both clinical work and supervision for students. This forms a major part of the programme and enables students to bring together their theoretical and practical training in a safe and secure environment. Students will see, on average, 2-3 clients per week. A minimum of 100 hours supervised clinical work is needed to complete the course.

Clinical work is central to the training and involves working with both male and female clients of different ages and from a diversity of backgrounds. This clinical experience provides an invaluable opportunity for students to integrate their theoretical and practical training while under the supervision of experienced practitioners.

Skills practice sessions will take place during term one about starting to work with clients. An office induction programme will take place in term two in readiness for you to start work with your first HCC client.

Once you are deemed 'ready to practice', you will be allocated your first client. You will be expected to have been in personal psychodynamic therapy for a minimum of six months before starting to work with clients. All clients are seen at Highgate Counselling Centre.

### **External Placement**

In some circumstances, it may be necessary for students to undertake part of their clinical work with an external organisation. This external placement must be approved by the Director of HCC.

### **Supervision**

Group supervision of clinical work takes place with a psychodynamic supervisor for one and a half hours per week for the duration of the course. Supervision is carried out at Highgate Counselling Centre or in the supervisor's consulting room. Holidays are negotiated with the supervisor. An assessment of your progress in supervision is carried out three times per year until you qualify.

You will be allocated a supervision group in advance of starting to work with your first client. The cost of supervision is included in the course fees.

## **Personal Therapy**

Applicants for the Diploma in Psychodynamic Counselling must be established in personal therapy with a therapist approved by HCC (see below). The therapy must be at a minimum of one session per week and should ideally have started prior to commencing training with us. Fees for personal therapy are not included in the course fees and are therefore an additional cost to the student. You will need to have been in therapy for at least six months prior to seeing your first client. This means that therapy should begin by the beginning of September 2022 at the very latest. Our view is that the earlier therapy is commenced, the more beneficial it is to both the student and potential clients.

On-going personal therapy continues for the duration of the course and throughout your placement with us. For example, if a student has successfully completed the academic papers but has not achieved 100 client hours, then therapy must be continued until these clinical hours are achieved.

Therapy must be undertaken with a qualified therapist who has trained with an approved training organisation, is registered with a recognised professional body and has a minimum 5 years post qualification experience. A list detailing these approved training organisations is available as a download from our website.

## **Assessment**

Assessment is continuous throughout the course with self, peer, supervisor, theory tutor, counselling skills tutor, training manager and director elements. The confidentiality of the experiential group is held by the group facilitator who, in exceptional circumstances, may consult with the director or the training manager at HCC.

Successful completion of the course with satisfactory progress in theoretical understanding, personal development and in relating theory to client work/personal experience will be necessary to receive the diploma. A minimum attendance of 80% is mandatory for each term in order to be awarded the diploma.

## **Academic Papers and Final Clinical Paper**

Students are required to complete four academic papers as part of the assessment process (3,000 words each) together with a final clinical paper which comprises a case study (5,000 words). These papers are:

1. Compare and contrast the psychodynamic model with another model of therapy.
2. Attachment and loss.
3. Research a presenting issue that interests you.
4. Describe your philosophy of counselling and how it has developed.
5. Final clinical paper (case study).

## Course Fees

These consist of:

- A registration and interview fee of £100. This is payable with your application and is non-refundable.
- The fee for the course is £12,400. This can:
  - (a) be paid in full, up front, in advance of starting the training course.
  - (b) you may choose to pay a place acceptance fee of £640 to secure your place on the course, which is non-refundable, followed by 28 monthly payments of £420.
  - (c) The breakdown of fees is as follows (including the place acceptance fee):
    - Year 1: £5680
    - Year 2: £5040
    - Year 3: £1680
- Some students may require additional time to complete their client hours or academic work. An on-going monthly fee of £100 is payable to cover administration and supervision costs for those students requiring this extra time until they qualify.
- A one-off fee to cover an enhanced Disclosure and Barring System (DBS) check. This must be completed before starting to work with clients. Currently, this fee is £50.40.
- Fees for personal therapy are not included in the course fee.

### **Premature Leaving or Early Termination of Your Training**

Students who leave the course prematurely (either through choice or by termination of your training programme by the Training Committee) remain liable for all remaining course fees.

HCC reserve the right to terminate your training if satisfactory progress is not maintained. A full account will be taken of individual circumstances before a decision is reached.

HCC also reserve the right to terminate your training if you engage in discriminatory practices or engage in any other, unacceptable behaviour(s). A full account will be taken of the circumstances before a decision is reached.
